Farris Enterprises - Backflow Device Testing and Repairs.

CHAMBER MEMBER Pricing:

Commercial

Single device any size \$70.00
Each additional device at the same location \$50.00

Single Family Residence

Single device any size \$50.00
Double device any size \$75.00
Devices in vaults or above 8' floor elevation + \$50.00

Our technicians are American Society of Sanitation Engineering ASSE Certified for testing and repair, and are fully insured. We will not charge you extra for different size or type devices. If need be, in order not to disrupt your business or process, we will schedule with you after hours, Saturday or Sunday at the same flat rate. Farris Enterprises technicians are approved for testing and recognized by Aqua Pa. Inc., Pa America, North Wales, Superior and Reading Water Companies. Our certifications are also recognized nationwide.

“FARRIS ENTERPRISE PROVIDES PROFESSIONAL SERVICE”

FAIRLY PRICED

DARREN PRINTZ TORNETTA REALTY CORP.

In service to the Water and Wastewater Environmental field since 1976, Dan Farris is also a DEP Certified operator a recipient of the Clean Streams Award and an EPA Plant Operations and Maintenance Excellence award.

Should your device not pass, we are certified to conduct repairs. We service or repair devices affordably, not simply replace them or all their parts. We look forward for the opportunity to provide you with our professional service. Let's work our way thorough these times and the future together.

We also offer local government or public service facility programs as well as programs for multiple device organizations. For a written quote, email or fax your information to us and we will provide you with one as quickly as possible.
